YOUR MONEY!

READ THE FOLLOWING.

Your money always meets more than its equivalent here. If we show you anything not lower in price it is better in quality. We are bound to sell you good goods, the standard must be maintained even though we sell at trashy prices. Very little effort will enable you to find out how much truth there is in our claims, as to variety, quality and price. We are always on the alert for the latest and the best values in the market. There is scarcely a day but new goods arrive. Our orders are placed for Fall Goods. Our Clothing has already begun to arrive. Don't lose your head because our competitors are throwing out a few leaders and promiscuous promises. We will beat any and all cuts, quality considered. We have many customers who have stood by us during the eighteen years of our business career. They know when we make a promise it will be kept. Thanking you for past favors, you will still find us at the Old Reliable Store.

To the Delicate and Malarious.

The most incredulous are convinced of the virtues of Aunt Rachael's Malarial Peruvian Bark Bitters upon a trial of them. Their base is Speer's Port Wine, with herbs and roots so favorably known to the Medical Profession and the community at large as the best cure for Malaria. They are all that can be desired by the most feeble victims of Malaria. Physicians prescribe them.

The Missing Link Finally Found.

Every professional and business man has felt the need of some kind of a receptacle, in which could be placed and constantly within reach, reference books such as he uses daily. Just such an article has at last been invented, and is shown and described in another column in this paper. We refer to the **March Reading Stand and Revolving Case**, now used in upward of 50,000 offices and libraries. Instead of having books scattered around and not found when wanted, or having to go to your library every time one is needed, this revolving case places within the reach of your desk all the volumes you may constantly use. It has shelf room for twenty volumes size of Chambers' Encyclopedia, and a top on which a large dictionary, Bible, or any other heavy book can be placed and adjusted to any angle or height desired. Withal it is a handsome piece of furniture, and is sent to anyone ordering at a low price, and can be paid for after they see and are satisfied with it.
